

STEP 1:

- Tear off a piece of packing tape about 11 inches long
- Center label along tape
- Press label firmly onto tape
- ***NOTE*** - if using bottles tape label onto long side of case

STEP 2:

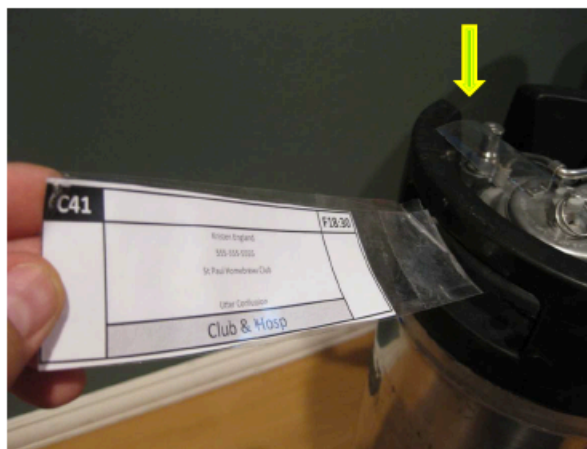

- Fold over other half of tape to seal the tape sandwich

STEP 3:

- Tear off a 6 inch piece of packing tape
- Thread half of it under the handle of the keg
- Firmly press the label onto the bottom half of the tape
- NOTE – Label orientation should be as seen here

Tape wraps around keg handle

STEP 4:

- Fold over the top half of tape to connect label to keg
- Make sure its snugly connected

STEP 5:

- Label should be 'flying in the breeze' as seen here
- Keg is all labeled and ready to be dropped off at the cellar

SUCCESS!!
